

# ANNUAL INDEX

Here's a guide to articles and authors in 1988

## SUBJECT INDEX

### VOLUME 125

#### CASE REPORTS

- Abnormal Vessels Suggest Pseudotumor—No. 8, p. 113  
Bitoric Contact Lenses Help High Astigmats—No. 11, p. 92  
Blepharitis Patient Develops Blocked  
Punctum, Epiphora—No. 7, p. 71  
Diplopia, Ptosis Are Keys in Myasthenia  
Gravis Diagnosis—No. 7, p. 72  
Double Truncated Toric Corrects Astigmatism—No. 9, p. 100  
EDTA Solution Treats Band Keratopathy—No. 2, p. 114  
Glaucomatocyclitic Crisis Develops Unilaterally—No. 3, p. 97  
Gunshot Victim Develops Infection,  
Blow-Out Fracture—No. 6, p. 80  
"Histo Spot" Hemorrhage Causes Drop in Acuity—No. 4, p. 107  
Jelly Bump Temp. Reduces Amount of Myopia—No. 8, p. 114  
Keratic Precipitates Cause Epithelial  
Breakdown, Edema—No. 4, p. 108  
Mewds Brings Sudden Loss of Acuity—No. 10, p. 105  
Myelinated Nerve Fibers Appear in Asymp. Girl—No. 10, p. 105  
Ocular Hypertension Develops in  
Man with Rare Keratoconus—No. 5, p. 68  
Optic Chiasm Glioma Imitates Signs of  
Spasmus Nutans—No. 9, p. 99  
Pterygium Masks Corneal Cancer—No. 11, p. 91  
Retinal Detachment Surfaces After Ocular Surgery—No. 1, p. 96  
School Screening Uncovers Rare  
Corneal Dystrophy—No. 5, p. 67  
Sterile Infiltrates Develop from Staph Aureus—No. 6, p. 77  
Tissue Study Shows Carcinoma-in-Situ—No. 1, p. 95  
Vein Occlusion Causes Neovascular Glaucoma—No. 12, p. 80  
W-J Opaque Lens Provides Aphakic Power,  
Matching Tint—No. 12, p. 79

#### FEATURES

- Automated Perimetry: The Rising Tide—No. 9, p. 102  
Cast Away Your Worries—No. 6, p. 55  
Clean & Sassy: The New Look for Fashion Frames—No. 3, p. 72  
Computerized Billing Draws Weak Response—No. 12, p. 93  
Contact Lenses for the Nineties—No. 1, p. 47  
Design Your Dispensary Around Your Patients—No. 3, p. 76  
Directory to Ophthm. Products and Services, 1988—No. 8, p. 61  
Eighth Annual Fee Survey—No. 7, p. 41  
Eyeglasses II: What the Corp. Challenge Means—No. 3, p. 43  
Getting Even in a Man's World (On Campus)—No. 3, p. 104  
National Boards: The Controversy Continues—No. 3, p. 107  
Needed: Adequate Business Training (On Campus)—No. 3, p. 102  
New Durability of Fashion Frames, The—No. 10, p. 115  
Ophthalmic Inventions:  
Grand Schemes and Pipe Dreams—No. 8, p. 53  
Ophthalmology's Drive to Ruin  
Referral Relationships—No. 6, p. 45  
'Progressive' CLs Are Newest Bifocal Entry—No. 11, p. 99  
Take an Honest Look at Your Office Design—No. 10, p. 38  
Technology, Demographics Help P.A.L.s Take Off—No. 9, p. 116  
Whatever Happened to CooperVision?—No. 11, p. 49  
When Superstores Ruled the Earth—No. 6, p. 54

Why Optical Advertisers Are Cleaning  
Up Their Acts—No. 5, p. 36

#### NATIONAL PANEL REPORTS

- CE Earns Passing Grade from Panel—No. 3, p. 6  
Dispensers Promote Multiple Sales  
to Reluctant Patients—No. 3, p. 69  
Economy, Hopes Up—At Least  
'Til Election—No. 8, p. 6  
1988 Income Survey:  
Doctors Bring Home a Better Bottom Line—No. 12, p. 42  
O.D.s Favor Bush, Dole in 1988 Election—No. 1, p. 6  
Optometrists Elect to "Stay the Course"—No. 10, p. 6  
Panel Finds Improved RGPs Hard to Ignore—No. 5, p. 9  
Panelists Appraise Disposable Lenses—No. 11, p. 6  
Panelists Split Over Medicare's Effect—No. 6, p. 11  
Tools of the Trade Get High Marks—No. 9, p. 5

#### NEWS

- AOA Delegates Vote to Boost Annual Dues—No. 6, p. 5  
Board Investigates Surgeon's Testimony—No. 8, p. 5  
Bribery Allegation Kills Mississippi Bill—No. 6, p. 5  
Buying Group Declares Bankruptcy—No. 4, p. 5  
CE Classification Stirs Controversy—No. 8, p. 5  
Centers Use Investment to Induce O.D.s—No. 9, p. 5  
CL Industry: The New Land of the Giants—No. 4, p. 5  
Contact Lens Lawsuit Ends with Settlement—No. 2, p. 6  
Disposables Face Uncertain Market—No. 6, p. 5  
Erisa Rulings Threaten to Squeeze Out O.D.s—No. 1, p. 5  
Expert Questions CDC AIDS Guidelines—No. 1, p. 10  
FDA Reclassification Battle Heating Up—No. 9, p. 6  
Florida Legal Wars: No End in Sight—No. 3, p. 5  
Georgia Signs, Five More Seek Therapeutics—No. 3, p. 5  
Instrument Buyers May Face Service Shortage—No. 6, p. 5  
IOL Manufacturers Fight Medicare Cuts—No. 11, p. 7  
Judge Orders Retrial in SCO/TAO Lawsuit—No. 6, p. 12  
Jury Favors SCO in Libel Battle—No. 1, p. 5  
'Mystery' Bifocal Wins Good Reviews—No. 11, p. 6  
National Board Exam Called Fair—No. 8, p. 11  
New AOA Head Seeks Better Image for O.D.—No. 5, p. 5  
Optometry Connected—No Matter Who Wins—No. 10, p. 7  
OTA Study Questions O.D.s' Post-Op Training—No. 10, p. 5  
Report Suggests Cuts in IOL Reimbursement—No. 2, p. 6  
Settlement Ends SCO Lawsuit—No. 11, p. 5  
Solution Confusion Seems Likely to Worsen—No. 2, p. 5  
South Rises Again: Two States Near Drug Laws—No. 4, p. 5  
Study Calls Glaucoma Treatment into Doubt—No. 9, p. 11  
Study Decries Post-Op Care by Optometrists—No. 11, p. 5  
Study: Special Glasses Relieve VDT Strain—No. 2, p. 8

#### OUTLOOK

- A Sound New Option to Treat Glaucoma—No. 9, p. 111  
Camera Helps Study of Drug Performance—No. 2, p. 133  
Clinics Seeking Data on L-V Hallucinations—No. 4, p. 128  
Cryotherapy Study: Hope for ROP Infants—No. 5, p. 80  
Edge Analyzer Finds New Use for Old Idea—No. 5, p. 80  
Eyeglasses Could Mean Sunglasses from a Jar—No. 10, p. 129  
Eyes May Predict Heart Problems in Diabetics—No. 3, p. 119  
Finding New Ways to Deliver Beta Blockers—No. 12, p. 105  
Freezing Out Acanthamoeba—No. 1, p. 115  
Glaucoma Clues Found in Beagles—No. 9, p. 111

Herpes Virus Found Hiding Out in Cornea—No. 11, p. 113  
 Instrument Improves Opacity Measurement—No. 1, p. 115  
 IOL Treatment May Cut Post-Op Problems—No. 6, p. 106  
 Lasers Inch Nearer to Breakthroughs—No. 7, p. 86  
 Lens Adds Options for Keratocones—No. 4, p. 128  
 Low-Vision Patients May Use TV Glasses—No. 6, p. 106  
 M.D. Finds No Lack of Chlamydia Tests—No. 2, p. 133  
 Migraines May Lead to Peripheral Vision Loss—No. 12, p. 105  
 New Poster Charts Contrast Sensitivity—No. 10, p. 129  
 New Tool Advances Glaucoma Surgery—No. 11, p. 113  
 Optometry Still Lags in Research Grants—No. 8, p. 125  
 Photo Exam Technique Benefits Infant's Eyes—No. 3, p. 119  
 Research Says Radar May Damage Cornea—No. 8, p. 125  
 Study Says Personality May Add to Eye Strain—No. 4, p. 128  
 Tracking Systems Put Eyes in Control—No. 7, p. 86  
 Zinc May Be Key to Controlling SMD—No. 10, p. 129

#### PATIENT CARE FEATURES

Coming Trends in Lens Care—No. 4, p. 78  
 Contact Lenses Abroad—No. 4, p. 44  
 Could You Solve This Contact Lens Problem?—No. 5, p. 49  
 Device Developments—No. 4, p. 65  
 Disposable Experience, The—No. 4, p. 55  
 How to Co-Manage Cataract Patients—No. 2, p. 49  
 How to Manage Orbital Fractures—No. 12, p. 56  
 How to Perform Nursing Home Exams—No. 2, p. 72  
 How to Choose a Retinal Camera—No. 9, p. 48  
 How to Choose and Use a Photo Slit Lamp—No. 9, p. 69  
 How to Pick an Automated Perimeter—No. 9, p. 57  
 How You Can Use Diagnostic Lab Tests—No. 11, p. 77  
 Modern Materials—No. 4, p. 60  
 Instruments for Your Geriatric Practice—No. 2, p. 82  
 Low Vision Techniques Any O.D. Can Master—No. 2, p. 65  
 Return of Aspherics, The—No. 4, p. 73  
 Visual Acuity: Are You Getting the Whole Picture?—No. 6, p. 59  
 What You Should Know About AIDS—No. 11, p. 62  
 When and How to Use Electro-Diagnosis—No. 12, p. 65  
 When the Patient is Hearing Impaired—No. 2, p. 78

#### PRACTICE MANAGEMENT/General

Bring VDT Users Into Your Practice—No. 1, p. 31  
 Competition? Increase Your Fees—No. 1, p. 35

Computer Manual Offers Answers—No. 2, p. 31  
 Consultant's Corner: Affording a Partner—No. 12, p. 19  
 Base Design on Income—No. 10, p. 25  
 In Praise of Specialties—No. 3, p. 28  
 Sell Your Care—No. 6, p. 28  
 Signs of an Ailing Practice—No. 8, p. 25  
 How to Ease into Low Vision—No. 3, p. 25  
 Insure Your Way to a Buy-Out—No. 12, p. 21  
 Is Vision Therapy the Next Boom Area?—No. 3, p. 23  
 Pick a Partner Who Fits Your Practice—No. 12, p. 28  
 2nd Exam Rooms: Does Your Office Need One?—No. 9, p. 26  
 How to Create and Equip Them—No. 9, p. 28  
 Keep Them Going Like Clockwork—No. 9, p. 35  
 Set Your Mind on Leisure Time—No. 7, p. 21  
 Sneak in Some Leisure Time—No. 7, p. 22

#### PRACTICE MANAGEMENT/Contact Lenses

Consultant's Corner:  
 Reviving Contact Lens Profits—No. 11, p. 23  
 What More Can I Do?—No. 4, p. 26  
 Give Patients a Free Ride—No. 11, p. 33  
 How to Inventory Disposable Lenses—No. 11, p. 36  
 The Psychology of Fitting RGP Lenses—No. 4, p. 25  
 Why You Should Lay Out All the Options—No. 11, p. 25

#### PRACTICE MANAGEMENT/Dispensing

Promote Your Specialty Lenses—No. 3, p. 53  
 Team Up with Your Patients—No. 3, p. 26

#### PRACTICE MANAGEMENT/Marketing

Grow Your Practice by Word-of-Mouth—No. 2, p. 25  
 Is Your Advertisement Paying Off—No. 5, p. 22  
 Poll: Yellow Page Ads Bring in Patients—No. 5, p. 24  
 Reach Out and Touch Your Patients—No. 2, p. 26

#### PRACTICE MANAGEMENT/Medicare

Avoid These Medicare Pitfalls—No. 8, p. 34  
 Do You Know Your M.A.A.C.s?—No. 8, p. 28  
 Savvy Strategies for Fair Payment—No. 8, p. 27

#### PRACTICE MANAGEMENT/Patient Relations

Consultant's Corner: Show Off Your Instruments—No. 9, p. 25  
 Staff Ambassadors—No. 5, p. 27  
 "Show and Tell" Keeps Patients Coming In—No. 6, p. 25

## Natural tear the best eye protection

## For contact lens wearers

The Best Eye Protection is **FREE** and **CONSTANT**

About 400 drops of tear are produced during the day—enough to keep the contact lens moist and the eye cool and healthy.

But, air conditioning, dry air, smoking and the blinking that pumps the tear to the nose . . . Plus, 200% evaporation created by the contact lens . . . is more than enough to create "Dry EYE condition," discomfort, irritation and ulcers.

A simple test that preserves the tear in the eye, proves to be the solution and eliminates expensive artificial tears.

Many Dr.'s have given their patients relief from the many contact-lens complications through Collagen Implants by Lacrimedics.

For more information call Lacrimedics today!

REVIEW OF OPTOMETRY/DECEMBER 1988

# Why are other progressives always comparing themselves to Varilux® Plus?

- ☐ World leader—with millions of satisfied wearers
- ☐ Guaranteed satisfaction
- ☐ Patented aspheric design
- ☐ Best performance for the price
- ☐ More practitioners use Varilux than any other progressive
- ☐ Easily identifiable laser engravings for simplest fittings
- ☐ Available in Clear Glass, PhotoGray Extra®, PhotoBrown Extra®, Orma®, and scratch-resistant Orma Supra®
- ☐ Outstanding marketing and technical training support

## Check all the above.

There are lots of good reasons why Varilux Plus is the standard other progressives try to measure up to. But what we're proudest of are those millions and millions of happy Varilux wearers.

**VARILUX®**

The proven progressive.
